

Scrappy News

Welcome to the Easter Edition of the Wiltshire Scrapstore's Newsletter! It's been proper manic here since we last mailed out to you. Last Half Term we had our busiest week EVER, with loads of people coming in and saying they'd never heard of us before!! How can this be??

We are thinking of opening a satellite Scrapstore in the Salisbury area. So many people from south of the county have asked us if there was a Scrapstore in that area that we are seriously contemplating it. If you are located in the South of the County, we would be ever so grateful if you could spend a few minutes filling in this questionnaire. Your feedback is very important to us and we like to hear your comments, good or bad.

We now have over 20 PlayPods in schools across the county. This shows that schools are investing in the quality of their children's playtime. MDSA's are benefitting too, as they are gaining a nationally recognised qualification. We are always looking for donations to stock our PlayPods with; especially lightweight ladies clothing, handbags, trolley style suitcases, rope, keyboards & sturdy plastic boxes.

In the warehouse we have a lot of new stock such as, marine wood, exercise books and glue sticks. We have so many

stationery items we are able to sell them at super cheap prices. Come in and grab yourself a

bargain!

We finally have Barty's of Lacock back up and running. After our horrendous flooding 5 months ago, our staff and volunteers have worked day and night to enable us to re-open 7 days a week, just in time for the spring weather. It is bursting with our seasonal craft packs and items such as sheep tea cosies and chicken doorstops, designed and hand made by our fantastic volunteers. We are now stocking a wonderful new range of goodies, including pocket kites, balsa planes, French knitting dolls and paint your own robots from "the House of Marbles." Plus our extended range from Wild and Wolf, including enamel mugs from the "Thoughtful Gardener" range, "Glugg" Fire Extinguisher Water bottles, V&A flasks and Flowery Hammers! There is currently some filming going on in the village, so there may be some famous faces popping in to take a look around!

If you can't get to us, you can still shop from us, use this link to take you to our webshop!

Have you got a birthday or a celebration coming up soon? Our birthday parties are legendary! Your little cherub can have the party theme of their choice with up to 14 friends. The party will last for an hour and a half with an hour of craft and half an hour for food and birthday cake. We can supply the food, or you can. The choice is yours! We have recently done party themes on, Strictly Come Dancing, Moshi Monsters, Dr Who and My Little Pony, so the possibilities are endless!!

Alternatively, you can hire our meeting room for your own function or meeting. We can even supply refreshments if you play your cards right!
